# HOW IS AI CHANGING MY ORTHODONTICS

- The impact of AI powered monitoring of patients on the clinical control of the treatment, on the practice workflow, the practice organization and the positive impact for the patients.
- How insights can help improve clinical outcomes by optimizing processes
- Share clinical cases and show the DM workflow

**Friday** from 10:00 AM to 05:30 PM

**Saturday** from 09:00 AM to 01:30 PM

**Manzo Academy / Manzo Clinic (MCO)**

*Federico Manzo*

Speaker e Coordinator: **Paolo Manzo**  
Tutors: Dr. Mohamed El-Shahawi, Dr Silvia Romano

in partnership with:  
**DentalMonitoring**

## DR PAOLO MANZO

### Biography

Dr Manzo received his Dental degree and his Specialist in Orthodontics degree and a PhD at the University "Federico II" of Naples. He is currently Visiting Professor at the University of Ferrara and the University of Trieste. He is a member of I.B.O., E.B.O and E.B.L.O. He was President of AIDOR in 2020, President of Leading Alliance Society from 2018 to 2020. Body member of the European Academy of Digital Dentistry and Board member of the FEO from 2011 to 2015. He is a speaker at scientific conferences and events and collaborates as a lecturer at postgraduate and Master's University programs in Italy and abroad. He manages orthodontics and TMD disorders and, with his team, the treatment of the interdisciplinary cases.
